

WHY MUSICOUNTS

FOR EVERY SCHOOL THAT WE ARE ABLE TO SUPPORT, THERE ARE 4 THAT WE HAVE TO TURN AWAY. HELP US CLOSE THE GAP SO ALL KIDS IN CANADA HAVE ACCESS TO MUSIC EDUCATION IN THEIR SCHOOL.

REQUESTED GRANTS vs. ALLOCATED GRANTS

IN JUST TWO YEARS, OUR APPLICATIONS NUMBERS HAVE DOUBLED. IT IS EVIDENT THAT MUSIC PROGRAMS ACROSS CANADA ARE IN NEED NOW MORE THAN EVER.

"We have many children who are from low socioeconomic status. They would never in a million years be able to afford music lessons. Now the children are taking music lessons everyday. We were finally able to make sure that every child had a chance to do this."

- Morgan Douglas-Alexander, Principal Tantalus Community School

WITH YOUR HELP LAST YEAR WE FULFILLED THE NEED IN 3 TERRITORIES. AS FOR THE PROVINCES, WE STILL HAVE A LONG WAY TO GO. CAN YOU HELP US WITH THE REST?

"Drumming helped my confidence when speaking in front of my class. I got used to sharing in drumming and I knew some of the other kids in drumming and I could look at them if I was nervous. Even if it is just with a drumming beat you could sort of tell how they were feeling and you could be there for them."

- Vance K, Grade 6 student Spitzee Elementary School

"Lucy McCormick is a school for students with developmental and physical exceptionalities. The adapted musical instruments are really eye opening for them. It makes you think what else can they do if we give them the opportunity."

- Carley Mellan, Music Teacher Lucy McCormick School

"We always had kids sharing instruments, but now everybody has their own. They're keeping them in great shape. It has made their music class more enriched. We've gotten a lot further than we have in other years."

- Janice Hall-Short, Music Teacher Rexton Elementary School
